

Managed Cybersecurity: Sentry

Sentry Standard

Sentry Standard is our baseline solution for detecting and preventing attacks. It includes:

- Managed Endpoint Detection and Response
- Security Awareness Training
- Dark Web Monitoring

Sentry Premium

Sentry Premium includes everything in Sentry Standard, plus **Managed SOC** (Security Operations Center) and optional **Hard Drive Encryption**.

Optional add-ons include:

- vPenTest (Virtual Penetration Test)
- Vulnerability Scanning
- Compliance as a Service (CaaS)
