

Managed IT

From **expert consulting** to **state-of-the-art cybersecurity**, Digital Agent is here to future-proof your IT and protect it from evil.

mIT Silver

Digital Agent offers a wide range of a la carte services to supplement a company's internal IT. Our mIT Silver package is **completely customizable**, and may include:

- Helpdesk Support
- Server Support
- Cybersecurity

mIT Gold

With mIT Gold, Digital Agent becomes your IT department. We take a snapshot of **your whole network—printers, servers, workstations, WiFi, and more—**and manage everything in that snapshot for a low **monthly fee**, which means:

- **No worrying about what is covered and what isn't**
- **No surprises on your monthly bill**
